A Strong Defense.

While its evidence has not even yet begun, the defense is already strong with a might gathered from the failures of the Commonwealth itself. There will be no plea of temperary insanity. The issue will be fought out along other lines, witness being pitted against witness, and argument against argument. With one fell swoop the defenders of McCue laid the ground laday for what may provide the ground laday for what may provide. fell swoop the defenders of McCue laid the ground to-day for what may prove the turning movement of the entire trial. The "hidden motive" was all but shattered, and the damaging testimony of the brother of the dead woman practically, offset before the prosecution had even announced the close of its case. The importance of the letters read in court this morning can scarcely be overestimated. They formed the nucleus for a blow well directed and almost stunning well directed and almost stunning

The sensation of the preceding may may been the statement by Ernest Crawford of the turmoil reigning in the McCus household, and of the brutal treatment of the wife by the husband. of the crime itself.

Minor points in the case of the Commonwealth win of course, be attacked, and a number of witnesses will be in-

Upon this ruling of the court Mr. Lee handed to young Crawford a batch of the letters written by his sister. They covered the period from 189 to 1991. The young man identified the handwriting. Proparation was then made to read the letters in open court. Judge Morris suggested that in the interests of delicacy and out of regard for the McCue family, only such portions of the correspondence as bore directly upon the issues, be made public. The defense indicated that this would be an impossible task. The letters were to prove the exact relationship exthat if the letters touched upon any matters that should not be exposed to the gaze of the crowd, these portions should not be read, but if they here in any way upon the case, would be handed to the performance of the letters of Mr. McCue's Letters.

Another interesting feature was the presentation of a beautiful watch fob. to Chief Marshal Parham by his aids. Mr. R. T. Daniel made the presentation in a happy speech, which was most gracefully acknowledged by the chief marshal.

The ball followed, and it was a brilliant social event, in which some thirty or forty couples participated.
